

# Update of QUALIDECO Specifications – Appendix to the QUALICOAT Specifications 2021 QDC-SPEC 2021-US04 applicable from 1 July 2021

**Subject: Correction in section 3.1.3 (table 2)**

**QUALICOAT/QUALIDECO  
Resolutions:**

**Resolution No. 1/QDCC 15.04.21**

**Amendments to the  
Specifications:**

**Note to table 2 PROCEDURE FOR RENEWING A FILM SUPPLIER'S  
QUALIDECO LICENCE**

- a) *After receiving notification of the unsatisfactory results, the supplier shall submit a new ~~powder~~ film sample, with the same reference code as the material used for preparing the unsatisfactory decoration(s). The laboratory shall then use this sample to prepare new decorated samples for repeating the tests.*
- b) *Every banned decoration shall be recorded in a list of banned decorations appended to the ~~powder~~ film supplier's certificate. The ~~powder~~ film supplier shall have banned decorations tested again as soon as possible after receiving notification. Banned decorations subject to repeat testing shall be considered suspended.*
